

AmericanMedicals® **steriSTAT®** STERILE DISPOSABLE STAINLESS STEEL OPHTHALMIC INSTRUMENTS

Single-use instruments are often described as inferior and of poor quality & design, but our steriSTAT® line of ophthalmic instruments have the solid feel, smooth operation, and high quality standards that providers can trust!

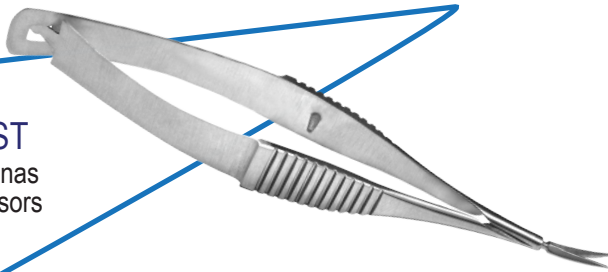

Disposable • Single-use • Sterilized w/ gamma irradiation • Surgical grade stainless steel • Dependable
Skillfully forged, milled, tempered, & polished • Reliable and precise patterns • Ergonomic design

Sold 25 Each / Case
